MODIFICATIONS/CHANGE PARTS

Your packaging machinery has to constantly adapt to new market requirements or technical constraints. Cermex understands these needs and has set up a department specialising in machine modifications and change parts which offers:

Study and supply of change parts for handling new product or packaging formats

Theoretical and practical assistance in reviewing your line layout

Machine refurbishment in order to adapt your machinery to your new requirements or maintain its performance

Bring your machinery into compliance with current regulations

services@cermex.fr

The
Plus
Points

New technologies and latest innovations at your disposal to improve the efficiency and maintenance of your machinery
